

CDUHR Pilot Projects Award Mentorship Form

Applicant Name: _____

Title of Research Project: _____

Date: _____

1. As part of CDUHR's mentorship program, mentoring is particularly encouraged among new and early career investigators and/or investigators new to HIV and substance use research. Below please indicate an area in which you would like to receive mentoring and why. If you would not like to receive mentorship please also indicate this below why and include a brief explanation of why mentorship is not needed.
2. If you would like to receive mentoring, please identify your preferred primary mentor from the list of senior CDUHR investigators provided HERE. (Selection of a mentor can be discussed with the Core. If you are already receiving mentorship from a senior investigator, please indicate the name, title, and affiliation the mentor(s) from which you are receiving support.
3. As part of CDUHR's mentorship program, all pilot project awardees are expected to have at least two mentors, including one who is from a different discipline than their own to bring a broad perspective to their research. Please indicate areas of desired trans-disciplinary mentorship that is complementary to your proposed project and identify a preferred CDUHR investigator, if applicable.
4. Please specify if you are representative of one or more of the following categories: (1) new or junior investigators; (2) established investigators without prior experience in the field of substance use and HIV research; (3) established investigators pursuing a new area of inquiry within the field of substance use and HIV research; and/or (4) underrepresented investigators in the field of HIV and substance use research as defined by NIDA/NIH. These include: individuals from racial and ethnic minority populations; individuals with disability; and individuals from socially, culturally, economically or educationally disadvantaged backgrounds who wish to pursue a career in health-related research.
